SUMMARY

Full-Stack Developer with 12 months of intensive, industry-aligned training and hands-on experience building responsive, user-centered web applications. Proficient in Vue.js, React.js, Node.js, JavaScript, HTML, CSS, and MySQL, with additional experience in Flutter and Oracle APEX. Skilled in end-to-end development—from intuitive front-end interfaces to robust back-end systems—and experienced in Agile/Scrum methodologies, collaborative teamwork, and delivering accessible, high-quality solutions on schedule. I am driven by a passion for problem-solving, continuous learning, and using technology to create meaningful impact.
